Accellent Inc. Announces First Quarter 2006 Financial Results

Wilmington, MA. (May 4, 2006) – Accellent Inc. (the “Company”), a wholly owned subsidiary of Accellent Holdings Corp. (“Accellent”), announced results for the three months ended March 31, 2006.

Historical First Quarter Financial Results

Net sales for the first quarter of 2006 increased 11.8% to \$121.7 million compared with \$108.9 million in the corresponding period of 2005. The net loss for the first quarter of 2006 was \$(10.1) million compared to net income in the corresponding period of 2005 of \$3.2 million. The net loss for the first quarter of 2006 included non-cash inventory step-up charges of \$6.4 million related to the Kohlberg Kravis Roberts & Co. L.P. (“KKR”) and Bain Capital (“Bain”) acquisition of the Company on November 22, 2005 (the “2005 transaction”). In addition, compared to the first quarter of 2005, the first quarter of 2006 included \$7.8 million in higher interest costs and \$2.7 million in higher amortization expense related to the 2005 transaction, \$1.7 million in higher non-cash compensation related to the Company’s adoption of SFAS No.123R and \$0.9 million in higher restructuring and other expenses.

Pro Forma First Quarter 2005 Financial Results (1)

Giving pro forma effect to the 2005 transaction and the Company’s acquisitions of Campbell Engineering, Inc. (“Campbell”) and Machining Technology Group, LLC (“MTG”) as if they had occurred as of January 1, 2005, net sales for the first quarter ended March 31, 2006 increased 5.4% to \$121.7 million compared with net sales of \$115.5 million in the corresponding period of 2005. The Company’s facility rationalization program negatively impacted the 2006 sales growth rate by 1.3%.

Adjusted EBITDA (2)

Adjusted EBITDA for the first quarter ended March 31, 2006 increased 10.3% to \$25.7 million compared to Adjusted EBITDA of \$23.3 million in the corresponding period of 2005. Adjusted EBITDA margins for the first quarter of 2006 improved to 21.1% from Adjusted EBITDA margins of 20.2% in the first quarter of 2005.

Reconciliations of non-GAAP financial measures to GAAP financial measures are provided in the financial statements accompanying this press release.

(1) The Company has presented pro forma results of operations for the periods presented because (i) its 2005 historical results do not include operating results of Campbell and MTG and (ii) the capital structure changed significantly on November 22, 2005 as a result of the KKR and Bain acquisition of the Company and the related financings and other transactions. Accordingly, the Company believes the pro forma results of operations presented herein are useful in understanding its 2006 and 2005 operating results. The Company's pro forma results of operations for the periods presented give effect to the following transactions as if they had occurred on January 1, 2005: the acquisitions of Campbell and MTG; and the new debt incurred in connection with the KKR and Bain acquisition of the Company. The pro forma information included herein is presented for comparative purposes only and does not purport to represent what the Company's results of operations would actually have been had these transactions occurred on the date indicated or to project the Company's results of operations for any future period or date. The basis for the Company's pro forma results related to the acquisitions is detailed in the Company's registration statement on Form S-4 filed with the Securities and Exchange Commission (Commission File No. 333-130470) on February 14, 2006.

(2) EBITDA and Adjusted EBITDA presented in this press release are supplemental measures of our performance that are not required by, or presented in accordance with GAAP. EBITDA and Adjusted EBITDA are not measurements of our financial performance under

GAAP and should not be considered as alternatives to net income or any other performance measures derived in accordance with GAAP, or as an alternative to cash flow from operating activities as a measure of our liquidity.

EBITDA represents net income (loss) before net interest expense, income tax expense, depreciation and amortization. Adjusted EBITDA is defined as EBITDA further adjusted to give effect to unusual items, non-cash items, the pro forma effect of acquisitions as if they had taken place at the beginning of the periods covered by the covenant calculation and other adjustments, all of which are required in calculating covenant ratios and compliance under the indenture governing our senior subordinated notes and under our senior secured credit facility. For the periods presented, Adjusted EBITDA includes adjustments for: restructuring and other related charges, gain on sale of property, certain stock compensation related charges, severance, gain on recovery of accounts receivable acquired as part of MedSource acquisition, write-off of inventory step-up, executive relocation, losses from closed facilities, acquired Adjusted EBITDA from Campbell and MTG for the periods prior to the actual date of each respective acquisition and management fees.

We believe that the presentation of EBITDA and Adjusted EBITDA is appropriate to provide additional information to investors about the calculation of certain financial covenants in the indenture governing our senior subordinated notes and under our senior secured credit facility. Adjusted EBITDA is a material component of these covenants. We also present EBITDA because we consider it an important supplemental measure of our performance and believe it is frequently used by securities analysts, investors and other interested parties in the evaluation of high yield issuers, many of which present EBITDA when reporting their results.
